The CTF Connection would like to Thank YOU!

Thank You to all our reporters and persons who supplied stories from across the country.

This past bowling season the publication of the Connection has been a significant achievement for us "newbies", and our appreciation goes out to all of you who have worked hard in helping us achieve the goal of;

“keeping our bowlers connected coast to coast”!

Without your contributions to this project, we would never have been able to accomplish the bi-monthly publication.

We appreciate your guidance, commitment and dedication in helping us develop The CTF Connection!

Youth Bowler Setting Records in Manitoba (and Canada?)

Joe Franchewski, one of our local youth stars (yes, he's still a youth - his last year), has been on fire for much of this season! After having spent some time at Urbana University in Ohio in 2011 and 2012, Franchewski came back to Winnipeg, his home, in Dec, 2012.

Shortly after starting the 2013-14 season, Franchewski found his groove, and started shooting the lights out! He has bowled six perfect games this season. Yes, I said six! Oh, and a couple 800s as well. No big deal, right? <smile>. By the way, he hadn't had a 300 game, or 800 series, before this.

It started on Nov 12th, in his Seniors Youth League at Chateau Lanes - his first career 300! Pretty excited. Then on Jan 10th, in the Greater Winnipeg Classic League, he bowled another one. Pretty impressive, because this was not done on a House Shot - the

Classic League uses Keg Challenge patterns. He did this on a longer pattern called "Route 66". Pretty excited... and proud, right?

On Feb 2nd, Franchewski was bowling in a National Classified qualifier event at Chateau Lanes, and rolled yet another perfect. Not quite as excited - he was getting used to this. <smile>

And on Mar 3rd, he bowled yet another perfect game. This one was in the WTBA League - a league that uses WTBA Oil Patterns exclusively. Except there was one catch. On that night, Joe couldn't make it to the lanes in time for the regularly scheduled league, and had to post-bowl his league games, right after the league had finished. So, although he bowled the 300 on the WTBA Paris oil pattern, it was after the league had finished, and he was bowling unopposed. For those of you who are familiar with the rules, an honour score bowled under these conditions is not recognized by CTF. BUT, it still was another perfect game by Franchewski.

The following weekend (Mar 8-9), Winnipeg held its "Marinelli City Singles" two-day scratch tournament, and Franchewski made it to the stepladder finals, qualifying in third place. In his first stepladder match, he rolled a another 300 game - his 5th of the year - again, at Chateau Lanes! By the way, he went on to win the tournament! His next two games in the stepladder were 269 and 235, which gave him his first 800 series ever - 804!

And then, to cap it off, he rolled his 6th 300 game of the season on April 1st, in the Winnipeg Senior Men's League, at Laverendrye Lanes. This one had another level of excitement, and pride, as his first five were all at Chateau Lanes, but this one was at another centre.

And I said he had two 800 series. His second one was rolled on April 18th, in the Greater Winnipeg Classic League rollofs - an 801 series (267, 288, and 246). He came through in the 3rd game, needing the first strike in the 10th, plus good count on his fill.

At this point, it hasn't been confirmed exactly what is the highest number of perfect games in a season by a Canadian bowler. But Franchewski could be close!

Joe credited a lot of his success this year to his coach, Ats Odaguchi (we affectionately refer to her as "Mrs. O"). Joe will be representing our Youth in the Senior Boys division at the Canadian Youth Championships in Sault Ste Marie in May-June. He'll be a force to be reckoned with! Good luck Joe!

Local Youth Bowler Rolls his First 800 Series

Sean Coutts, who is another one of our local Youth stars, rolled his first-ever 300 game earlier this season (we wrote about this in the last CTF Connection). Well now, he can add another 300, and just as importantly (or maybe MORE importantly), his first-ever 800 series to his list of accomplishments!

On Thursday, April 3rd, in the Nairn Tenpin League at Chateau Lanes, he was once again on fire. Coutts rolled games of 230, 300, and 279 for his first career 800 series - a terrific 809. He said that he did this with his RotoGrip Bandit bowling ball.

In the last article, I said that he would bowl more 300s, and I was right. Now I'll make the prediction that he will also bowl many more 800 series.

Way to go Sean!!

Hamilton News Submitted by Jim Margueratt

Troy Demer's four-game record of 1090 stood for over 19 years until **Matt Lewis** beat it by two pins with 1092 (246, "300", 267, 279) as part of a Canadian record 3743 four-person four-game series. Four months later **Travis Cauley** doubled in the tenth frame to set a new record of 1098 (267,279,275,277) at Skyway Lanes. Four days earlier, he tallied a 1060 (244,258, "299",259) at Splitsville Centre. Then he scored his third 800 in eleven days with an 804 (247,268,289) at Skyway for a 230 average. Our oldest record is now **Bill Rowe's** 852 triple back in 2001.

Bill Hicks of Brantford, former Hamilton Men's Association President, waited 34 years for his first perfect game as he dealt games of 235, 197, 199 & "300" at Splitsville. He only waited three weeks for perfect game number two as he zapped games of 289, "300", 192 & 226 at Splitsville. He started game one with 10 strikes before leaving a solid nine-pin. The 589 double is a Hamilton record.

The first 300 in two years at Burlington Bowl was turned in by **Mannix Delaire** as he shot games of 204, "300" and 218 for 722. **Steve Smith** finished with 22 strikes in a row, one under the Hamilton record of 23, for a 1033 (257,199,277, "300") set. A month later he threw a "299" game, both at Splitsville. **Art Oliver Jr.** now has his eighth 800, an 811 (267,276,268), also at Splitsville, and **Chris King** collected an 802 (278,257,267) at Skyway. We have had ten 800 triples this season, one under our record of eleven. Along with Cauley's three, Art Oliver Jr. has a pair.

Edward Margueratt (that is my brother), and his record of the oldest Hamilton bowler with a 300 at 71 was challenged by 79 year old **Mike Merkir** at Star Lanes in Brantford, but he was stopped at "295" exactly five months to the day that **Jeff Easton** also had "295" at Star. **Mark Ward** has a pair of 299's, and now brother **Brian** has joined him with a pair as he threw a 299 at Skyway. What a difference a week makes. After a "low" game last week, my brother Edward started this week with back-to-back 256 games.

Congratulations to **Dan Tereck** and **Sandy Lowe** on the excellent C.T.F. Connection. I look forward to each issue.

HAMILTON TENPIN TRIVIA:

- For all the Hamilton Tiger Cat fans in Canada, many years ago their mascot was one of our top bowlers. He "left" the position when he accidentally ventured onto the field and hit an official with his "buggy".
- In 1983, the late **Earl Anthony** averaged 221 games for 10 games in an exhibition match at Hamilton Mountain Bowl with a high game of 262.
- A bowling show on radio? Yes, in 1943 "Down The Alleys" and in 1955, "Bowling Round the Town" were on the radio.
- With all the 800 triples this season, it is interesting to note that 40 years ago the high triple for the season was 716, and it was the only 700 of the season.

London's FIRST sanctioned BACK-TO-BACK 300 games!

This is no April Fool's Joke!

On April 1, 2014, just like every other Tuesday night, **T.J. Lariviere** came to bowl at Bowlerama Royale in his GMDD mixed league.

As it turns out this wasn't just any Tuesday night... It was a record breaking night for T.J. and for London and District!

Game 1 = 239
Game 2 = 300
Game 3 = 300
Series = 839

The London and District records have been checked back to 1965 when the 1st 300 was bowled by **Paul Dimitrick**. Back-to-Back 300s in a series has not been achieved in London and District History!

BIG CONGRATULATIONS TO T.J.! We all share in your excitement!

There were some unforeseen complication, but the FTA board sorted them all out and was able to award the FTA's most improved bowlers for last season (2012/2013) recently.

Dion Emery (R) - Most Improved Boys + 23 pins

Roger D'Souza (L) - Most Improved Men + 28 pins

Rachelle Ward (L) - Most Improved Girls +32 pins

And from the Movers and Shakers in the sport of bowling we bring you a sad, but joyous story of one of our proprietors – Mr. **Dean Patterson** of Let's Bowl

On April 3, 2014 Dean Patterson, proprietor of Let's bowl for the last 12 ½ years sold the lanes to Dave Lewis. Here are a few moments with Dean as he prepares for his retirement from the bowling business.

How did you first get into the bowling business?

Through my family. In 1960 dad (Leagh) joined Mountain View Bowl as a manager. A number of years later Dad bought into Mountain View Bowl and became one of the partners. Over the next few years, the partners grew the operations to also include Westbrook (now closed), Hunting Hills (now closed) and The Bowling Depot (Deerfoot Outlet Mall). Twenty-five years ago Let's Bowl was built by the three remaining partners and named after them - Leagh Patterson, Ed Perry and Tom Lamb.

Twelve and a half years ago I retired from a 24-year career of teaching broadcasting at Sait. The Partnership between Leagh, Ed and Tom was dissolving, so I entered into the bowling business as the proprietor of Let's Bowl, Ed Perry kept The Bowling Depot and Tom Lamb went onto other things.

We see you in the centre all of the time, but behind the counter. Do you bowl?

I used to bowl Friday nights and really enjoyed it, but as a proprietor I need to focus on my customers and my business when I'm in the centre, so I gave up bowling some years ago.

What is your fondest memory over all your years in the bowling industry?

It's all the wonderful people I've met and now call friends. So many people, league and public bowlers, that come back time after time and make it worth while being here as much as I have been. That's what I'm going to miss the most – it's the people, the feeling of friendship and family.

Over the years you have had so many customers, is there one that stands out to you?

Dorothy Nelson. She used to coach with the youth (YBC) for a lot of years and now bowls with the seniors on Mondays. Earlier this year, she just celebrated her 94th or 95th birthday and is planning on coming back for another season. I admire her.

In the sport of golf, people are allowed mulligans or “do-overs” . If you could have one now, what would you use it for?

I wouldn't use it. I have no regrets, I've enjoyed what I've done and the people I've met along the way. I wouldn't change a thing, I am a happy and content man.

What is the first thing you plan to do in retirement?

Nothing – absolutely nothing. I'd like to rest for a bit and enjoy life. I'd like to discover the city again, I haven't been downtown in 12 years, I've never been to Cross Iron Mills and I live a few minutes from it. I want to do some walking and be outdoors more. When I'm ready I'd like to travel some, not sure where first, but the Eastern Seaboard of the USA is in the cards.

What parting words or message would you like to share with our readers and the bowling community?

Keep bowling. It doesn't matter where you bowl – JUST BOWL!

And with that, we say farewell Dean and thank you for the fun and memories over the last 12 ½ years. You've worked long and hard, hosted so many memorable events and we wish all your hopes and dreams come true. Enjoy retirement and we hope to see you around the lanes.

World Bowling News (Story courtesy of Bowling Digital)

The **SportAccord Convention** is an annual week-long series of meetings, educational functions and Expo under the management of SportAccord, formerly the General Association of International Sports Federations (GAISF).

World Bowling, formerly Federation Internationale des Quilleurs (FIQ), is a member of SportAccord as are all other sports recognized by the International Olympic Committee (IOC) as well as some that are not.

The 12th annual SportAccord Convention 2014, which attracted 1636 attendees representing 78 nationalities from around the world, was held April 6-11 at Susesi Convention Center in Belek/Antalya, Turkey. The convention also included the annual meetings of the International World Games Association (IWGA), the Association of IOC Recognised International Sports Federations (ARISF) and SportAccord.

World Bowling was represented by **Kevin Dornberger**, World Bowling President, and **Vivien Lau**, FIQ Secretary-General.

For the first time ever, World Bowling had a booth at the Expo, exhibiting the new trade name and logo. The booth was manned by Dornberger, Fung, two-time World Champion **Clara Guerrero** from Colombia, and **Andrew Cain**, USBC President and former Team USA member. Pictured from left to right: Cain, Lau, Dornberger and Guerrero.

"We met many individuals who were not very familiar with FIQ/WTBA, illustrating the reason for the change in our public name. These included IOC members, NOC Presidents and other sports administrators," Dornberger said.

"It is clear that our sport has a perception issue, almost certainly related to the recreational side of bowling. I believe we made progress in correcting that image."

Pan American Bowling Confederation (PABCON) NEWS

Cathy Innes, one of our CTF Directors, and the CTF High Performance Manager, has been elected to the position of Secretary General for the PABCON Board, as well as chair of the "Women in Sport Committee".

When asked about her new positions she remarked; "I am very excited and know it will a great experience for me and for our Country."

We asked Innes some questions about these positions, and she kindly obliged.

What does a Secretary General do at the PABCON level?

I look at it as an assistant to the President, and hopefully gain better communication between our Board and other countries. The position is still being developed, so all of the duties have not been completely set out yet.

What are your duties?

We have talked in very general terms to this point as this position has not been utilized in the past. We have talked about newsletters, better communication to countries, taking care of the bulletins and bids, updating the website, and more. It is a work in progress.

What does this mean for Canada?

I think it is important for Canada to have voice and vote at this level.

Is this something you've wanted to do? Did you run for the position?

I ran for a position. This is my second 4-year term on this Board. I was very shocked that the Executive wanted me to be their Secretary General, because of the language barrier, but I am very honored and will do the best I can.

Is this an elected volunteer position or do you get paid?

This is an elected position - first as a director by the delegates, and then the Secretary General is elected by the Executive. It is not a paid position.

The PABCON Leadership has totally changed. Do you see this as a move in the right direction and why?

Yes, as in other organizations, we must move forward and make changes. For many years the PABCON Zone has not received recognition from the other zones or even from the countries that are in our zone. We want that changed.

What is the Women in Sport Committee?

This is a mandate from the International Olympic Committee (IOC). It will go down the chains, from the Canadian Olympic Committee (COC), to Sport Canada, and further.

What are your duties as Chair?

My first duties will be to determine what this committee will do and what the vision will be. I have no job description. I have to develop it or determine if we are to continue with this committee. There are no footsteps to follow in the sand - the footsteps will be mine and my committee!

Is this Committee for all women in sport or just bowling?

Bowling primarily, but I believe all sports will and should be able to identify. Just off the top of my head, I feel there will be a leadership and athlete component to this committee as well.

When did PABCON form a Women in Sport Committee?

We had it in the agenda the last couple of years but it was never a priority.

Will you travel throughout the organization promoting women in sport?

This is a good question. At this point, I'm not sure where it will take me. Right now I am investigating what other countries are doing with this committee.

Just in my short investigation so far, I have found organizations to help develop this committee, and I am very interested to find programs for the development and training of female athletes, including funding and scholarships. This is an area that really intrigues me.

A quote from the IOC: "In the first modern Olympics in 1896, not one woman competed in the 43 events contested by 14 nations. For the London 2012 Olympic Games, all participating nations sent women athletes, and women competed in all sports."

And from Charlotte Whitton, a politician:

"Whatever women must do, they must do twice as well as men to be thought half as good. Luckily, this is not difficult."

This Could Be You!!

CTF Annual General Meeting - Historic!

The CTF Annual General Meeting took place on Saturday, April 26th in Montreal. Besides the usual business of bylaw and rule changes, financials and budgets, and the various reports and updates from the different areas within the CTF Board, there were a number of landmark decisions made!

First of all, due to the requirements of the new Canada Not For Profit Corporations Act, which we must abide by, the Board made a recommendation to move our Annual Meeting from April, to November. After significant discussions, the Delegates approved this recommendation. Ever since CTF became a membership organization in 2004, the Annual General Meeting always took place late in the month of April along with the Canadian Mixed Championships (CMC) tournament. It will now take place in November. To start the ball rolling, we will be holding an electronic Annual Meeting this coming November. Of course, there will be no CMC this time around, as we just held the CMCs in Montreal this past weekend. But starting in November of 2015, we will be having our Annual Meeting, in conjunction with the CMCs - the location will be determined each year by the city that wins the bid to host the tournament.

Because of the new Not For Profit Corporations Act, CTF will no longer be referring to our registered bowlers as "members", or our "membership". There is a long explanation for why this must happen, but we won't bore you with the details here. Effective immediately, we will be referring to those bowlers as our "Registered Participants". We know this doesn't exactly roll off the tongue, but given our options, it was, in our opinion, the best of the worst. We know that we, and a lot of you, will still be using the term "members" at times, until we all get used to this. And it could take years! That's okay. Except that in all official documents (for instance, CTF's bylaws, rules, and policies), we must use the new term instead. Please note that this new term is really only necessary for CTF, as our Local and Provincial Associations are not bound by the Canada Not for Profit Corporations Act. But of course, a lot of the "language" used by the Local and Provincial Associations is dependent upon the National organization, so there will be some document changes required for them as well.

Another major milestone - a historic one - is that a motion was put forward to allocate up to \$1.00 of each CTF Registration Fee in 2014-15 to go towards Youth Development. And this was approved by our Delegates, and it was by a significant majority! It is important to note that this does not mean an increase in fees, just a reallocation of part of the monies that go to the National office.

There has always been an unwritten rule that CTF would not use membership monies (or now we should say registration fees) to go towards Team Canada in any way. And CTF always abided by that stipulation. However, most everyone at the meeting agreed that one of the ways to combat the steady decline of registered bowlers in Canada is to create programs that develop our youth bowlers - to attract more youth to our sport. This will include ALL levels of youth, even including some aspects of Youth Team Canada training and development. Of course, some of these things will require funding - something we don't have a lot of right now. So, with some re-prioritization of the CTF budget, we will be able to allocate some funds to this very important initiative, and hopefully begin the process of growing our sport.
