# CHANGE

**We live with change every day of our lives. Many people are adaptable to change and have long since grown to appreciate it is a UNIQUE part of sport.**

**Change is what make sport interesting. Unchangeableness may be easy, but it is not moving forward. Positive or negative most sports (athletes, coaches, administrators etc.) adapt to situations simply for the EXPERIENCE.**

**Stage One: Resisting/Reacting:** Characterized by doubt and discomfort as you are actively objecting and negatively comparing your new situation to your old. You're not looking, you're judging and it doesn't look good.

**Stage Two: Adjusting/Exploring:** Characterized by doing more than feeling: You're gathering information on how to make this work, making choices, making connections, asking questions, digging in.

**Stage Three: Living Well in the New Old or the Old New:** This is the stage you don't notice because, it doesn't feel like a stage. You've arrived at your new destination. You're accepting and incorporating the new so much, you wouldn't have it any other way: the new is the (new) old.

Would it be more efficient to just skip to that final conclusion? Sure, but we just don't work that way. But by understanding how change works, you won't mistakenly, when you are in the early stages, take your discomfort as a sign of trouble or a wrong move, you'll simply say— **“Oh right, this is just how change is supposed to feel right now.” Tamar Chansky, Ph.D.,**

**To all iPAD Users...**

We have had at least one complaint that an iPAD user cannot read the CTF Connection on their iPAD. Yet several others can? Do any technical experts from our audience have any ideas on why this might be? Maybe there is a "tip" to pass on to others?

If you have any possible solutions to offer, please let the editors know, and maybe we'll include them in our next issue.. Thanks!

## Meet Reporters for the CTF Connection

For the next couple of months the CTF Connection will be featuring stories on the many reporters who supply articles and news for the CTF Connection. This month we feature **Jim Margueratt** of Hamilton, Ontario and **Brian McLean** from Thunder Bay, Ontario.

### Jim Margueratt

#### Connection: How many years have you been reporting for Hamilton district and other publications?

Jim Margueratt pictured with long-time  
CTF Media Relations Hazel McLeary

*Jim: I started about 1980 when **Danny Downs** rolled a then-record Canadian high triple of 824. I submitted a story to the local weekly papers and passed on the details to **Bob Coulter** who was writing the bowling column in the *Hamilton Spectator*. Until it ceased publication, I wrote for the *World Bowling Writers* newsletter with **Keith Hale** of England as the editor. I also write a column (about every two weeks) for the "Hamilton Scores" website during the bowling season. In 2015, I am writing (although not as much due to space) for the weekly *Hamilton Mountain News* and *Stoney Creek News*, and pen an *ON THE LANES* column about every 10 to 14 days for the *Spectator*. Also the odd story in the *Burlington Post*. I had a brief "trivia" comment in the 100<sup>th</sup> Anniversary issue of *Bowlers Journal International*.*

#### Connection: Where do you bowl? How many years have you been bowling?

*Jim: I bowl once a week at *Skyway Lanes* in east Hamilton, a 24-lane house built in 1957. Starting their careers there were **Bill Rowe**, **George Lambert** the 4<sup>th</sup>., **Joe Ciach** (along with *Lucky Strike* in *Stoney Creek*), **Lionel Lewis**, **Art Oliver**, **Travis Cauley**, **Al Tone**, etc. Looking for a high-school part-time job in 1960, I set up pins, along with my brother **Edward**, at *Queenston Bowl*, a 10-lane house two blocks from home in the East end. From setting up pins we moved to the other end (where we didn't have to dodge flying pins), and started bowling on Saturday at 200 p.m. and still set up pins on Thursday & Friday. I started with 5-pin and after rolling a 370 single, moved to 10-pin where my high single is 278 (twice) and high triple 705 and high average 192. One moment of glory on the lanes was placing 7<sup>th</sup>. in doubles in *Cincinnati* in the *Hoinke Tournament*. Off the lanes the glory came by meeting and talking with stars such as **Earl Anthony**, **Dick & Pete Weber**, **Glenn Allison**, **Walter Ray Williams**, **Mark Roth** and many others, along with bowling writers **Dick Evans**, **John Jowdy**, **Mike Hennessy**, **Chuck Pezzano** and others.*

#### Connection: What got you started writing about bowling?

*Jim: I started as I mentioned above when **Danny Downs** rolled the 824. At that time I joined both the *World Bowling Writers* and the *Bowling Writers Assoc. of America*, which merged to become *International Bowling Media Assoc.* I have been a member of the *Hamilton & District Board of Directors* since the late 1970s and I was a Director of the *Ontario Provincial Association* for over 20 years until 2004.*

#### Connection: Any other tidbits you would like to share with the readers.

**Jim:** Travelling to many “exotic’ places made the decision to start bowling very worthwhile. Places such as Finland, Sweden, Holland and over here Vancouver, Victoria, Winnipeg, Montreal, Dallas, Reno, Las Vegas, San Francisco, Wichita, Tulsa and others too many to name. Side trips from these places to take many pictures,( Grand Canyon, Hoover Dam, San Francisco, Amsterdam, Germany, etc.) were also highlights. I have been to many CTF championships from Montreal to Vancouver. I once served as a foul line judge in Vancouver - never had to call a foul. The Ferry trip from Vancouver to Victoria and back again made for a very long day.

**The bottom line is that I like doing what I do!**

### Brian McLean

**Connection: Brian, how many years have you been reporting stories from Thunder Bay and other bowling communities in Northern Ontario?**

**Brian:** I started writing in mid 1979 for Thunder Bay and included Northern Ontario in 1984/85 when Northern Ontario had bowlers in Sudbury, North Bay and the Sault. Earlier I wrote about tenpin bowling in the 70s with a weekly article in Lakehead Living.

I started, and still maintain, an "Internet" bowling site, called **Central Canada's 1st Bowling Page**. The site has over 109 pages to maintain. This was only one of five worldwide sites devoted to tenpin bowling when it went to the web back in 1993. It can be found at <http://www.tenpin.org/>. My e-mail address is <mailto:bmclean@tenpin.org>.

In 1997 and 1998, Canadian Internet Handbook also did an article on the creating of a website based on his Bowling Site.

**Connection: Where do you bowl? How many years have you been bowling?**

**Brian:** I bowl at the Big "M" (Mario's Bowl). I am in my 54th year of actually bowling. My highest series is 799 and I have been fortunate to bowl a 300 game as well. I bowl in two leagues, but my passion has been working with the youth in our area. In 1978, myself and **Richard Quenneville** started the Thunder Bay Junior Tenpin Program. After Richard moved, **Perry Hampel** assisted me and the program is still well known nationally. The highlight of our Youth Program came in 1985 when one of our youth bowlers was selected to Team Canada. Our program has seen youth on Team Canada during years 1988, 1996, 1997 and 1998. In the years 2013 and 2014 a member of our youth program bowled for Team Canada at the Tournament of Americas.

**Connection: What got you started writing about bowling?**

**Brian:** When "The Big M" opened, the owner invited **Johnny "Cigar" King**, a PBA member, to the opening. I was impressed with the sport after that. In 1964, the local Association was in its second year and this was my first year of sanctioned bowling, I joined three leagues and being underage to bowl with adults, I needed my parents consent to bowl on adult leagues at that time. I was one of

*100 top volunteers recognized by the Canadian Government in 1976. In 1988 I received a National Award from the Government of Ontario for Distinguished Performance in the Field of Amateur Sports. Reporting about bowling, I think, has always just been a part of me.*

**Connection:** Any other tidbits you would like to share with the readers.

**Brian:** *I was elected President of the Local Association the first time during the 69-70 season and was re-elected three more times before being elected to other positions in the association. I wanted to learn more and experience different areas. Back in 1988 I was elected to the Presidency again. I have been involved with the association since the very early days and am currently serving my 27th consecutive term as President.*

***I have devoted my time to the youth and adults for over 53 years and I have no plans of changing my routine!***

## Greater Winnipeg Classic League Has Folded

On a sad note, one of the longer-running scratch leagues in Winnipeg has folded. We're not sure of the exact starting date for the league - the earliest records we can find show it to be possibly the 1964-65 season - but it is a shame that we couldn't field enough teams, or enough interest, to keep it going. But in the 50+ years, there have been a lot of memories created. Who know? Maybe this is just a hiatus, and the league will start up again in the future!

## Notable Achievements

In our one remaining Winnipeg scratch league (Winnipeg Senior Men), there have been a number of honour scores already.

- **Mike Schmidt** rolled an 812 series on Sept 15th. His games of 246, 266, and 290 also included an 11-in-a-row award.
- **Earl Sobotkiewicz** had a perfect 300 game on Sept 22nd.
- **Kerrie Watson** rolled a 299 game on Oct 20th.

Speaking of 300 games, one of our long-time bowlers, and former Winnipeg Association Secretary, **Rich Maytchak**, started his season off with a bang. On the first day of the Golfer's League (Oct 3rd), Maytchak rolled games of 225, 300, and 243, for a 768 series. This is not Maytchak's first 300 game, but it is his first since CTF became our membership organization. Maytchak, who is now 75 years old, shows us that his "golden arm swing" still has what it takes. Congratulations Rich!

Three of our youth bowlers have already bowled 700 series this season:

- **Marissa Naylor** - Sept 13th - 240-244-219 - 703
- **Liam Naylor** - Sept 20th - 233-246-224 - 703
- **Sean Coutts** - Oct 18th - 728 ; Oct 25th - 739

And some other achievements:

- **Phil Haaksma** - Sept 9th - Spared the Big Four
- **Sean Coutts** - Oct 8th - Spared the 7-10
- **Kristen Jolly** (Youth) - Oct 4th - 100 pins over game - 255 game ; 149 average

**Travis Cauley** is off to a fast start with a perfect game, plus near=perfect 299 & 297 efforts. Two weeks after a "299" game and 988 set, a "300" second game was followed in game four by a "297" game for a 996 (212, "300", 187, "297") set. The only Hamilton bowler to register a pair of 300's in the same four-game set was **Doug Schatz** with 300s in the second and fourth game in December 2009 at Skyway Lanes. Last season

Cauley tied our record with four perfect games in a season, but Art Oliver Jr. fired a last minute 300 to claim the title with five 300s in a season.

Two of our senior bowlers did not have a senior moment as they both reached for the top with **Ron Elliott** successful and **Mike Merkirk** coming close twice. After a 126 opening at Skyway, Elliott knew things would get better and they certainly did with 12 strikes in a row for the perfect "300" game at age 77. A let-down in game three for a half-a-perfect game of 150 for a 576 triple. That was almost beaten as Mike Merkirk at Star Lanes started with a "299" game at age 81. Missing out on the 300, he was determined to achieve an 800 and came so close with 274 and 219 for a 792 triple at Star Lanes.

Other excellent games are **Brian Ward** 279, **Mick Anderer**, **Brandon Crabb**, **Aaron Bouchard** 279 & **Bruce Todd** 278, **Wendell Harrison** 267, **Ian Colby** 265, **Valerie Noble** 248 **Derek Hannah** 244, **Ed Margueratt** 236 and **Mike Ellis** just missed 700 with a 696. **Jim Margueratt** started of the season by sparing a tough split in frame one of game one. Well, maybe not too tough. It was the 4 -5-7.

Top triples at Bowlerama Stoney Creek are **Ron Colling** 725 (290), **Gord Howarth** 707 (277), **Stephen Born** 700 (240), **Tony DiBattista** 723 (252), **Kris Berry** 679 (259), **Enzo Iacozza** 678 (276), **Ho Chan** 675 (268) and **Val Ciach- Link** a fine 269 single.

Missing our record of 2887 for a four-man team, three games, were **Lionel Lewis** 769, **Sean Bailey** 713, **Art Oliver** 706 & **Matt Lewis** 692 for 2880. They also missed the four-man, four games record of 3800 by 34 pins with 3766. High games were Lionel Lewis 268 & 254, Bailey 267 & Oliver 258.

#### HAMILTON TENPIN TRIVIA:

- With individual records being broken almost every day, a 15-year-old record is impressive. That belongs to **Bill Rowe Jr.** with our high triple of 852 (275,277,300) in April 2001. Coming close were **Art Oliver Jr.** 848 & **Sioban Ryans** 846. Our oldest team record is an 1191 mixed team game by **Don Wira, John Greaves, Hal Schatz, Wendy Zielonka & Jim Margueratt** in 1981.
- Bowling houses changing names was quite common in Hamilton years ago as Midtown was also known as Connaught, Grand was also known as Sabby's, Tivoli was also known as Cooper's, and Kenilworth had two other names, Handley & Cinderella. Recently, Hamilton Mountain Bowl became Splitsville Hamilton and Prime Time Bowling became Splitsville Burlington.
- Phil Morris** is going after the record of 72 consecutive years in one league, currently held by **Bill Bailey** with 72 years from 1907 to 1979, as Morris, 81, is now at year 60 in the City Tenpin, Canada's oldest at 112 years. In the early 1970s, Morris had the first-ever 300 at Lucky Strike Lanes, also known as Bowlerama Stoney Creek today.
- Our first 300 is by **Harvey Bray** in 1963. The first 300 was almost rolled by **John Toohey** as he started with nine strikes for 277 in 1961.
- After opening with a 149 in 2003, **Dave Clark** rolled 10 strikes in a row before a five count, then knocked down two of them for an usual 282 game.

### QYBT -- The Future Is Now!

(Submitted by Karen Wilson - QYBT President)

I get a lot of questions about QYBT all year long, mostly from people asking about the format and how the tournaments work. It's always so easy to answer these questions with a smile, and so easy to promote this great opportunity for our youth bowlers.

In short, the QYBT features 4 games of qualification with single-elimination bracket finals. Within that format, there are three aspects of competition: Tournament, Points, and Averages.

**Tournament:** Players compete in a single tournament for podium standings (gold, silver, bronze). Of course, players may participate in any or all of our 6 tournaments.

**Points:** All players receive Points based on their final standings per tournament, and at the end of the season. Point leaders are awarded CTF-SAFE Scholarships (ratio 1:2). Players must participate in at least 4 of the 6 tournaments to be eligible.

**Averages:** The selection process for the YBOWL Championship Cup (formerly Rogers Cup) is done based on averages. Because we are limited to the number of teams we can bring, this method is arbitrary and removes any outside influence from the selections. We start with the highest average and go down the list until we get 20 players who say YES! Again, players must participate in at least 4 of the 6 tournaments to be eligible.

For our 3rd season, we made two important changes to our format. The major change was adding a C Division, which prompted the minor change of fixing the cut-lines between divisions (A=175+, B=174-160, C=159-125). Our cut-line in the first two seasons hovered around 164, and it was

frustrating for the mid-players to compete head-to-head against 200 averages. What an easy decision!

In addition to the 6 regular season tournaments, QYBT is also presenting the YBT Grand Prix again this year, as part of the YBOWL Championship Weekend. We will also have a Triple Knockout tournament in Montreal in April 2016, and it will be open to all CTF-sanctioned youth bowlers.

I couldn't have imagined 3 years ago where we'd be now, but here we are, growing bigger and stronger every day. We're dreaming it, building it, doing it, and absolutely loving it!!

November 8 QYBT is at Chateauguay; November 29 – Trois-Rivieres and December 13 – Drummondville.

Did you know that the QYBT started because of YBOWL? I met Lee at Team Trials in Montreal in 2013. In fact, someone went out of their way to introduce the two of us, knowing that sparks would ignite. Wow did this girl have energy!! And ideas? Man oh man, she had these big plans for this big junior tournament in Barrie.

I was sold!! A Baker tournament? Hey, we have some really great deserving players here. How many teams can I bring? How do I qualify players? Oh, I guess I better whip up a YBT here in Quebec so that we can go play in this nifty tournament. Sonia? Gus? Dru? Who are all these people?? Oh, I get it, YBOWL and Ontario YBT are two different organizations. But they work together. Who's going to answer all my questions???

I couldn't have imagined then how much my life and the junior bowling community in Quebec would change because of YBOWL. We were a notoriously fractioned group back then. We have a provincial championship every July, and players represent their geographic regions. Like, Mr. X plays for Estrie, or Ms. Y plays for Richelieu-Yamaska, or Mr. Z plays for Sud-Ouest. We got to know the big names over the years, you always saw people at QTF Provincials in February, but people generally stayed in their regions.

I thought the biggest challenge we would have for QYBT was getting players from across the province to come together, play a 6-tournament circuit together, and then go to Barrie, Ontario for Rogers Cup as one team. But it was so easy, the opportunity was so exciting! We have a 2nd family now, and it's all because of YBOWL.

I have been very fortunate to be included in some of the planning aspects of Rogers Cup over the years. Every year, Lee and Sonia dream bigger than the year before. How can we improve this? How can we make it better than last year? The ideas are non-stop! But the absolute best part is... the entire YBOWL team puts it all together and makes it happen.

And right there, that's the magic of YBOWL. Why bowl? Why not!! Wanna have a Baker tournament? Why not! Can we televise it and stream it? Why not! Can we invite some players from Quebec? Why not!!! It just grows from there.

The QYBT is pleased to announce the return of the YBT Grand Prix this season! As the final event of the YBOWL Championship Cup weekend, this showcase event will feature some of the top youth bowlers in the country competing against each other in an individual elimination format. Divisions -- A/B/C. Qualification Round -- 4 games, cut to top players. Quarterfinal Round -- 2 games, cut to top players. Semi-final Round -- 1 game, cut to top players. Final Round -- 1 game. The number of players being cut per round will depend on the number of players per division (each division may have a different number of players). The cut between divisions will be 1/3 of the average spread between the highest and lowest average of all participants (rounded up).

Winners will receive CTF-SAFE Scholarships (ratio 1:5). Thanks to our generous sponsors, we are able to award the top finishers per division an amount of \$325, which can be used towards the entry fee for CTF Team Trials. The exact amounts and number of scholarships awarded will depend on the number of participants in the tournament. Stay tuned for more information!

## My Final Reflections on the SENIOR PABCON Journey (By Michael Snow)

I made this PABCON Team Canada by a hair and was unsure that my being a first-timer to international competition, I would be able to compete. I took in earnest the path I felt I needed to become worthy of this selection. I practiced, I bowled tournaments, I bought clothes, new glasses, new bowling shoes, new bowling balls, I practiced. I reached out to Team Canada members for advice, I practiced, I downloaded bowling alley and football stadium audio to listen to at high volume. While I practiced. I went to the doctor, managed my knee pain with supplements and medication, and I practiced.

It all paid off. Gold medals in Team and Doubles, Silver in All Events and Bronze in Trios. All my work in preparation would have gone for naught if it weren't for the many people who supported me.

Firstly I acknowledge my great friend **Jean Deslippe** who has been my coach, mentor and inspiration for over 35 years. She was the first person I thought of while stepping on the podium.

I'd like to thank all 11 of my teammates and my Team Canada coach for guiding me and cheering for me while I bowled.

Special thanks to **Dan Aqwa** at Aqwa's Pro Shop for his work on my equipment, Big thanks to **Wendy Aqwa, Jeremy Bas, Steve Walls, Sr.** and the management and staff at Revs Rose Bowl and Revs Bowlero for an open door to allow me to practice.

tournament sessions and pep talks.

A thanks to **Todd Sim, Jack Brace and Dan MacLelland** for the pre-

And of course to my supportive wife Kathy, and kids Kylen and Webber, who inspired me to do whatever it takes to "raise the bar".

Also to the tons of support from family, friends and bowlers who watched (the marginal webcast), checked scores, messaged and emailed me. It was great!

Lastly to the [Canadian Tenpin Federation, Inc.](#) for continuing to send teams abroad, with or without government funding support, and allowing athletes to compete. **Can't wait to do it all again!**

## Bowling Will Not Be Included in 2020 Tokyo Olympics

Unfortunately, tenpin bowling will not be included in the 2020 Tokyo Olympics. Although our hopes were high, the decision went in another direction. Here are a couple of articles that describe and address this situation.

### **WORLD BOWLING FOCUSES ON OLYMPIC QUEST BEYOND 2020**

September 28, 2015 : 5:35 am

LAUSANNE, September 28 – Following the announcement of the Tokyo 2020 Olympic Committee (TOC) this morning, World Bowling is saddened to announce that the sport of bowling has not been recommended for inclusion in the 2020 Olympic Games in Tokyo. Although this is a big disappointment, World Bowling fully respects the TOC's decision and believes that bowling's time to join the Olympic Movement will come sooner rather than later. The process undergone over the past few months was valuable and tangible recommendations will be taken away to strengthen the sport of bowling in the future.

President Kevin Dornberger said "It was a great opportunity to have been considered as one of the final eight sports from the initial list of 26. For World Bowling this remains a huge milestone in pursuing our Olympic quest and we believe that this has laid the foundations for a brighter future ahead.

The process has made our sport grow stronger and we have learned some invaluable lessons from working on our campaign. While we may not have been successful this time, we will continue to develop our sport worldwide. As part of our Bowling World Plan, we have many initiatives still to be implemented such as fostering and encouraging the development of youth participation, especially for girls. We strongly believe that this will result in increasing the worldwide recognition of our sport. The brightest days of bowling are ahead of us!"

Along this journey World Bowling has received so much support from fans, and athletes. This outpour of support has strengthened the bowling community and inspired new generations of athletes. We would like to thank all of the supporters for their commitment to the sport of bowling and of course we thank the TOC and wish them the very best for what we are certain will be excellent Olympic Games in 2020.

World Bowling will be welcoming a number of exciting events in the coming years including the Women's World Championships in Abu Dhabi in 2015 and the 2016 World Youth Championships and 2016 World Singles Championships.

The sports to be recommended to the International Olympic Committee for inclusion in the 2020 Olympic Games in Tokyo are baseball/softball, karate, roller sports, sport climbing and surfing.

## News

### 28 September 2015 – Eighteen Additional Events in Five Sports Proposed to the IOC by the Tokyo 2020 Olympic Games Organising Committee

The Tokyo 2020 Organising Committee today announced that it has proposed 18 additional events from five sports to the International Olympic Committee (IOC) for inclusion at the Games of the XXXII Olympiad (Tokyo 2020). It has become the first ever organising committee to be given this unique opportunity to contribute to the design of the Olympic Programme, thanks to Olympic Agenda 2020.

The 18 proposed events are (sport alphabetical order):

| Sports              | Events (Proposal)                           | No of Events | No of Athletes (total)      |
|---------------------|---|--------------|-----------------------------|
| Baseball / Softball | Baseball (M)                                | 1            | 144 (6 teams x 24 athletes) |
|                     | Softball (W)                                | 1            | 90 (6 teams x 15 athletes)  |
| Karate              | Kata (W / M)                                | 2            | 20 (10 W / 10 M)            |
|                     | Kumite (3 weight classes - W / M)           | 6            | 60 (30 W / 30 M)            |
| Skateboard          | Street (W / M)                              | 2            | 40 (20 W / 20 M)            |
|                     | Park (W / M)                                | 2            | 40 (20 W / 20 M)            |
| Sports Climbing     | Bouldering, Lead and Speed Combined (W / M) | 2            | 40 (20 W / 20 M)            |
| Surfing             | Shortboard (W / M)                          | 2            | 40 (20 W / 20 M)            |
| <i>Total</i>        |   | 18           | 474                         |

This package of events represents both traditional and emerging, youth-focused events, all of which are popular both in Japan and internationally. They will serve as a driving force to further promote the Olympic Movement and its values, with a focus on youth appeal, and will add value to the Games by engaging the Japanese population and new audiences worldwide, reflecting the Tokyo 2020 Games vision.

This possibility for the OCOGs to propose events in new sports to feature at the edition of their Games, is a completely new and fresh approach in the development of the Olympic programme. It builds on the ongoing focus of flexibility, innovation and youth, allowing Tokyo 2020 to reflect the sports culture of Tokyo and Japan, destinations that have always captured the imagination of the world's youth.

The 18 proposed events were selected by the Tokyo 2020 Organising Committee and its Additional Event Programme Panel through an open process that was initiated in May 2015. Twenty-six IOC-recognised International Federations originally applied, and eight of these were shortlisted in June 2015.

The final decision, in line with the Olympic Charter, will be made by the IOC at the 129th IOC Session in Rio in August 2016.

“Each of the eight shortlisted international federations amply demonstrated their potential to add to the value of the Games and I would like to take this opportunity to extend my sincere thanks to each of them for their outstanding efforts. We firmly believe that by connecting with youth, bringing to life Olympic Agenda 2020 and the Tokyo 2020 vision, our proposal constitutes the best possible package that will add the most value to the Games.” said Fujio Mitarai, Chair of the Additional Event Programme Panel.

The 18 events will result in the addition of some 474 athletes to the sports programme for the Olympic Games Tokyo 2020. Tokyo 2020 believes the proposed additional events will inspire young athletes involved in these events around the world to strive to achieve their cherished dream of competing in the world’s greatest sporting spectacle.

## Canada's National Teams (Submitted by Tyrel Rose)

Team Canada's men's team attended the PABCON Championships in Puerto Rico in September. The breakout performance of the event belonged to rookie **Travis Cauley**, who qualified for the Masters event after 4 gruelling days. He successfully went through PBA star **Bill O'Neil** before falling to hometown favourite **Cristian Azcona**. The team left San Juan without a medal, but the learning experience will be valuable for some of the younger members of the team that attended the event.

Team Canada's women's team was selected for the upcoming Women's World Championships in Abut Dhabi, UAE. The 6 ladies attending the event are **Valerie Calbery, Lynne Gauthier, Robin Orlikowski, Miranda Panas, Isabelle Rioux** and **Felicia Wong**. The event takes place between December 4th to the 13th, with results being posted on [bowlingdigital.com](http://bowlingdigital.com). The ladies have also created a Facebook page to keep fans, friends and family up to date, so "like" the page to follow along: <http://www.facebook.com/teamcanadawomensbowling>

## Coach Development (Submitted by Tyrel Rose)

Courses are being organized for the end of 2015 and 2016. With more coaches trained in the last year than previous years, there will also be certification opportunities available for coaches who have taken courses over the past few years.

Professional Development courses are being written, expanding on important topics like communication, technical corrections, the bowling environment and others. These will be half-day to one-day courses, available to coaches who wish to further advance their training and improve their coaching skills. Our first course, based on the importance of communication to coaching, will be ready for delivery by January.

Ontario's first Competition Development course is being held at Woodbridge Bowl, in Woodbridge Ontario, November 28 and 29. If you haven't already signed up, check out our coach development Facebook page for information.

Quebec will also get its first Competition Development course in November, on the 21st and 22nd. The course will be held in English, with a French courses being organized in the new year, both in Quebec and New Brunswick.

For more information on courses being organized, or to request a course in your area, please contact CTF's head coach, Tyrel Rose, directly - <mailto:tyrel.rose@goldmedalbowling.ca>

## IT'S THE RULE !

by Charlotte Konkle - CTF Regulatory Chair

In order to run a successful league, the officers need to pay close attention to Playing Rules - Chapter IV - CTF League Rules - this chapter covers everything from league qualifications, to duties of the league officers and captains, and everything in between.

There is also the League Officers Manual which will be a great help.

Chapter IX - CTF Bonding, Burglary and Hold Up Insurance - also covers a very important part of the running of the league.

The Playing Rules and the League Officers Manual are available on the CTF flash drive which the league secretary received from CTF at the beginning of the year. They are also available on the CTF website - [gotenpinbowling.ca](http://gotenpinbowling.ca) - under Rules.

If you have any questions after checking out the Playing Rules, please contact National Office at [gotenpinbowling.ca](http://gotenpinbowling.ca).

Have a great season this year and we hope to see you in Calgary in November!
